Sir,

Cm 24 55-28

Subject - Enhancement of the strength of sweepers by 30

The present strength of the sweepers in this Municipality is 820 as per details noted in the margin * This strength was sanctioned in the year 1947 when the population of the City was in the region of about 1½ lakhs But as per the Census of 1951 the population was 2½ lakhs and it is much more now The houses are distributed over an area of 14 Square miles and with the present strength of sweepers it has not been possible to make any redistribution and allocate the necessary number of sweepers to the out-laying extensions like Bannimantap, Kesare, Jayanagar, Yadavagiri, Niranjan Paj Urs Gardens, 13th Block etc ,where houses are fast springing up For the last few years though this difficulty is being felt, attempts were beingmade to withdraw some sweepers from the old city area and detail them for work in the extensions referred to But this attempt has not been successful because, the old city is very thickly populated and any reduction in the number has been telling on the sanitation of the place

Mohalla works including public linemen	754.
Nanjaraj Bahadur Chatram shed	3
Lorry sweepers	22
Devaraj Market.	23
Mandy Market	5
Vanivilas market	2
Slaughter House.	4
Main drain sweepers	6
Subbarayanakere	1
	820

P T O

For these reasons a proposal was placed before the Budget Health Committee and Managing Committee meetings, for the appointment of 30 additional sweepers for doing duty in these extensions areas. On their recommendation the Council has sanctioned the same at their meeting held on 27-3-55

I enclose a copy of the resolution and request that orders of Government may kindly be obtained sanctioning the proposal. Due provision has been made for the expenditure under E2.A 2(b) of the Budget Estimates for 55-56.

Yours faithfully,

(N.Lakshman Rau).
Municipal Commissioner
